# Connect the dots like never before.

Graduate from accounting software to an integrated solution designed to handle all of the complexity that comes with running a business. See how finance impacts forecasting, or inventory affects invoicing, to get a clearer picture of what's happening at every level of your business.

Wiise is clever business software created by KPMG, built on Microsoft and supported by Commonwealth Bank.

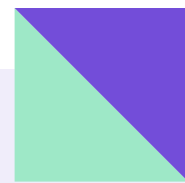

## A wiser way to do business is here

Wiise helps you see your business clearly so you can take back time for the important things.

## Break down the silos

View powerful reporting and dashboards to show the big picture in one place.

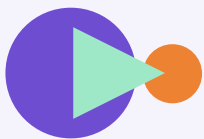

## Make decisions with certainty

Get access to the right information when you need it.

# How Wiise benefits Commonwealth Bank customers?

Ideal for all Australian small to medium sized businesses, Wiise also offers Commonwealth Bank customers even greater functionality to help enrich your banking and accounting experience. Connect your Commonwealth Bank accounts with Wiise to get the complete picture of your business transactions.

## Link your banking to your accounting.

### Click-to-pay through Simplify

Get payments quicker with click-to-pay through [Commonwealth Bank's Simplify](#) – you'll be able to send e-invoices with a 'Pay now' button for easy and secure payments.

### Faster reconciliation of your business accounts

With the integration of [Simplify](#), bank reconciliation is streamlined as soon as your customer's click-to-pay the invoice sent to them.

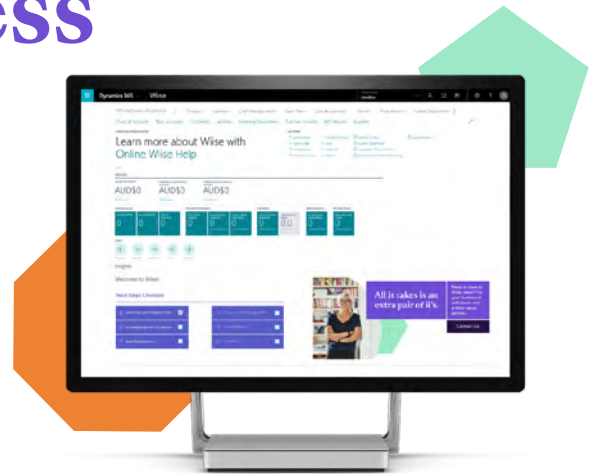

### Integrated Banking

By connecting your Commonwealth Bank account to the Wiise system, you can have direct access to finance when you need it.

# Bring it all together with clever business software.

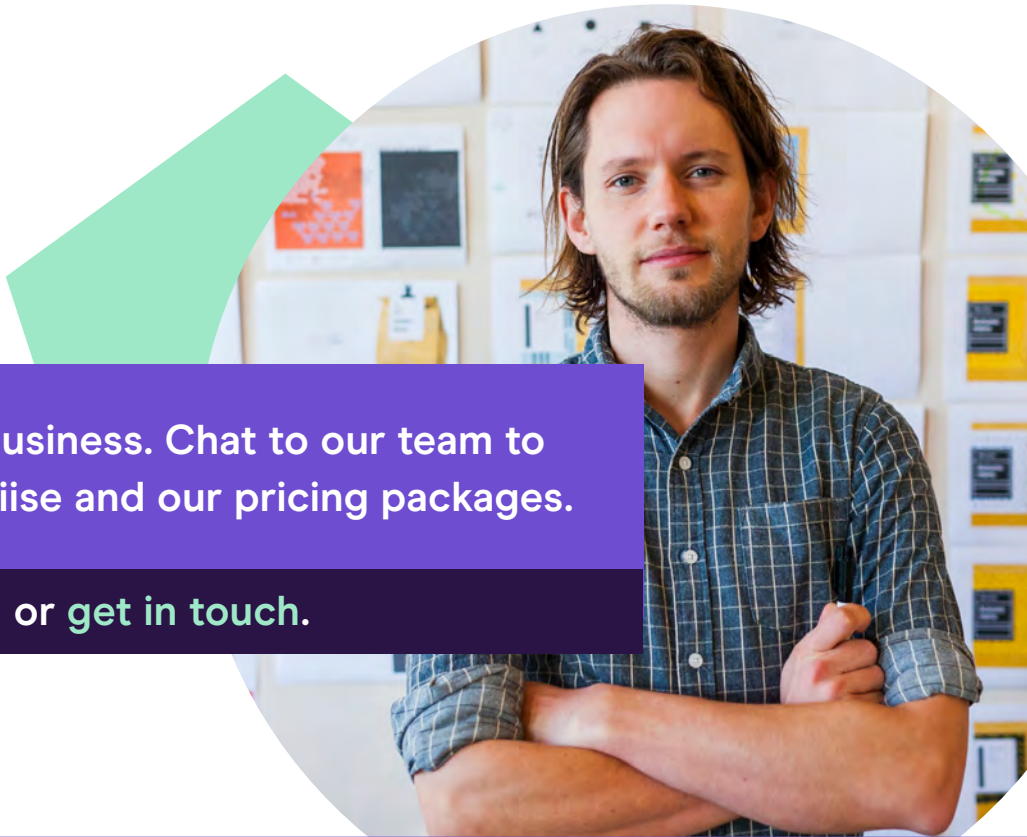

Wiise will streamline the way you manage your business. From banking to accounting, to forecasting and inventory, Wiise is the clever business software to suit your needs.
